Accessories

Adapter set

An attachment installed on the tip of the flexible hose to connect to the grease supply port.

1 pc

Part No. 1915L9-8

3 pcs

Part No. 1915M0-3

Angle adapter set

Part No. 1916U8-9

90° grease coupler for hard-to-reach grease

Lock on adapter set

Part No. 1915N4-2

Locking grease coupler for a more secure connection to the grease nipple of a machine to be lubricated.

Flexible hose

Grease supply hose

1200 set Length: 1,200 mm

Extension pipe set

points in recessed places.

Part No. 1911M9-1

600 set

Length: 600 mm

Part No. 1916S7-7

Loader fitting set

Part No. 1914G9-7

To pump up grease from a pail can for machine lubrication

Joint set

Part No. 1915E6-5

A joint for connecting a 500 g grease cartridge

Convenient for connecting to the lubrication

Charging Time

40 Visson	DC40RA	DC40RC
*1 BL4020 2.0Ah	22 min	30 min
*1 BL4025 2.5Ah	28 min	38 min

Cordless Grease Gun GP001G

350 mL/min

69 MPa

Delivers stable high-speed discharge under high pressure

Work efficiency increased by about 175%
At high-pressure (40 MPa) *Compared to our 18V model

Constant speed control ensures stable discharge.

GP001G 290mL/min 275

Our 18V model 100

Low Flow rate High

Flow rate at high-pressure (40 MPa)
Grease used: Makita grease N No. 2

Fixed-quantity discharge mode

Ensures precise greasing at multiple points

Stops automatically after the preset number of strokes.

Quick, precise multi-point greasing with no need to check grease volume.

For greasing agricultural machinery and heavy equipment

Discharge speed selection [4 stages]

Discharge speed display — Speed mode changing / Light button

Flow rate [mL/min]				
Mode 1	Mode 2	Mode 3	Mode 4	
145	220	290	350	

Air lock detection function

Blinks when no grease is Redesi discharged after switch operation wider of

Easier bellows cartridge replacement

Redesigned lower housing and wider opening for easier bellows cartridge changes.

Reduced air lock frequency

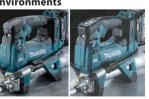

Shorter grease path reduces air lock during cartridge replacement.

XPT

Enhanced dust and water resistance in harsh outdoor environments

Compatible with various grease cartridges

trigger operation.

Both narrow and wide barrels are available to suit grease cartridges used in different regions.
