LED light

Daylight white LED (with color temperature of 5,000K)

Supplied with Warm white lamp shade

Allowing for changing to warm white tone lighting (with color temperature of 2,500K), which has a high relaxing effect

Three lighting modes

Equipped with 2 LEDs, one for sidelighting and the other for uplighting, for wide-angle illumination.

| Sidelighting + Uplighting | Sidelighting | Uplighting |

Mode memory function:
The appliance saves the lighting mode at the time when turned off by press and holding the light switch button.
(This mode is remembered even if the battery is removed after that.)

Compact design

Minimal size of the appliance has been achieved for space saving use and storage by designing it on the basis of the size of compatible battery.
